### 1.) Opening Prayer

- Blessings for the meeting and for the progress of the HWU network.

### 2.) Catch-up on what was happening in the past two weeks.

- Aminadav and Alane speaking about Juneteenth. Native Americans at the event beating the drum making a libation. Talking about the different peoples who had been in captivity or slavery.

# {HWUNET.ORG Hebrew Council}

- Alane stepped up and said that we are the Biblical Hebrews of Scripture. It really hit the leadership in a profound way. They had never heard it before. It was great. We really need to get our pamphlets and brochures together.

## 3.) Where do we go from here? The Code of conduct is complete what's next? How to start phase two.

- We need to be proactive and seek out our brothers and sisters who have questions about who they are. We need to be looking out for those and answering those questions with love. We need to have our flyers together.
- Sister Leah spoke about making the flyer portable so we can carry it and be effective in a way that grabs the attention of the reader immediately.
- Brother Jahi-Mel spoke about the Facebook page that was created for HWU.net so that Hebrews can come together and discover who they are and commune with one another.
- Working together to bring the word out.
- Speaking the complete Code Of Conduct for all to hear and confirm on. Full copy sent on June 9<sup>th</sup>. Eliana Batyah read a passage to complement from the book of Jubilees. Isaiah 65:17
- Psalm 91-sent in by Baylen.

## 3b.) How to start Phase 2?

- Now that the code is complete, we need to try to speak with one voice. We should discuss the message we want to say. We need to *look like a network*. We will be getting people on the outside involved. The code of conduct will be available for them to read.
- Brother Baylen-suggested that there should be a Bible that we can all be on one accord.
- Brother Dawid-We shouldn't all use one book because we need to be able to break down the spread-out books that are all over. Also, the people who put it together have added and taken things away in the scriptures. So we need to have different sources. There is knowledge in different books.
- We need to have an offline database so that data does not get lost or corrupted.
- Bible Study: perhaps shorten the meeting then have a defined time for Bible Study to be included in the Saturday Meetings. In doing this study, we all have to be keen on what we are talking about. Determine the points to discuss, and read the chapters beforehand then come together to find out what is happening. Bite-sized sections to gain the understanding.
- Read early in the week. Then come up with a paragraph that states what we got out of it. Email it in to Jahi-Mel or Dawid. Then we can all pull it up and go over what we read and gain understanding.

## 4.) Speak about Pastor Martin's building project and pictures.

- The project has been funded and Brother Dawid and Alane helped to purchase some chairs for the building. Brother Martin is working on getting a phone for himself.
- (I apologize if there was more spoken on this matter. I was multitasking with the flyer, and the meeting.)

## 5.) Talk about the new Face-book page and get people signed up.

- This is something we can also add to the flyer! It is a closed group, but the admins can add people if they request to be added and they are approved.

## 6.) Welcome my sister Tina Johnson into the HWU Network.

- Sister Tina spoke lovingly about how excited they were to come into the knowledge of the truth, and how they will be diligently incorporating it into their congregation. They are happy and blessed by Brother Dawid to have this truth, and will be on the move to spread the word.
- Coming from a Pentecostal Background. What they were taught by "Jesus." However, all of the things she has learned from Dawid have increased her knowledge. The divisions that exist in the church are sad, and must be rectified. They study the full Bible. They include the laws from old

to New Testament. She believes she has a ministry that she spreads the knowledge to others. It is important not to discourage each other, but to learn from one another. She has enjoyed everything she has heard! She will continue to be invited.

## 7.) **Open Discussion.**

- Aaron Russo.

Used to rub elbows with the rockafellers. The Women's Movement.

## 8.) **Close Prayer**

- **Scripture Reading: 2 Chronicles 7:14-Brother Dawid.**
- **Daniel 12:1-4-Eliana Batyah**

Call ended at: 3:51:00 PM, [Pacific Standard Time]. Duration: 3 hours, 51 minutes and 00 seconds.
